

1 John - Week 3

3/4/21

Learning:

- 1 John 3:11-24
- Genesis 4:6-8

Community:

- Were you able to participate in the Love your Neighbor Challenge this last week? If so, what did you do?
- Daniel talked about Cain and Abel this week...what are the sibling dynamics in your family?
- Has there been a time when you were persecuted for your faith in Jesus? How did you respond?
- Daniel mentioned that genuine persecution should be met with upward focus, inward integrity, and outward love. Are there one of these that is you struggle with?
- What kind of habitat are your habits creating in your life? Take a moment and take inventory of the habits you have and if they are helping you become the person God created you to be.
- What are some habits or practices that are helping you be the person God created you to be? Are there any that are pulling you away from that?
- Spend the final minutes of your time together as a group praying for God to move mightily in and through our church. Pray for God to move in the lives of them who do not know Him in our community!

Training:

Daily Training:

- Soften your heart to someone this week, and be generous in offering an act of love
