

Discipleship Pathway - Learning

11/17/19

READ:

- Romans 12:2
- John 9:1-41
- Luke 15:11-31
- Romans 8:15

REFLECT:

- How would Jesus live your life?
- What do you think about/focus on in your mind? What outside factors do you allow in? How intentional are you in what you are filling your mind with?
- How has your upbringing and the world view influenced your understanding of God is?
- What prevents you from getting in the Word every day? Or what keeps you from spending time reading God's Word?
- Do you ever walk away from reading your Bible and think, what did I just read? I'm sure this has happened to all of us at some point. What steps can you take to really let the Word of God sink into your heart and begin to change your life? What can you do to make it more than something you just check off of your to-do list? To make it become heart work rather than homework?
- How does the Holy Spirit enable you to grow and change? Are you doing things in your life to rely on the Holy Spirit? How can you foster that growth?
- Are you growing? Are your views of God and your faith different than what they were a year ago? 5 years ago? 10 years ago?

RESPOND:

Monday Morning Application:

- Read through the Sermon on the Mount (Matthew 5-7) this week. Read it slowly, read it a couple of times, learn from it.
