- What is the relation between humility and gentleness?
- Do you tend to be more of a truth or grace person? What life events or circumstances have developed this in you?
- How does humility balance out truth with grace? Do you tend to lean toward truth? Or grace? How does that play out?
- What role does obedience to God play in humility?
- In the areas of life that you find yourself in (work, home, school, teams, or interests groups) do you find easier or more difficult to be humble? What are some things you could do to practice it more?

RESPOND:

Daily Training:

- As often as you can, be curious about how you can elevate the lives of others.
 - What makes them tick?
 - How can I make them smile?
 - How can I point them to Jesus?
