

# Transformed - Endure

8/26/19

## READ:

- 1 Corinthians 4:7-15

## REFLECT:

- Can you recall a past trial that you realize now that God was using to grow you?
- What experience have you had in your life that was especially difficult to endure?
- How do you handle your stress/affliction? Do you believe that He will not allow you to be defeated? How do we “give it to Jesus”? What does that look like?
- Do you believe He cares enough about you to stick with you and transform you? We are loved. We are never alone. We need to learn to trust the process.
- In light of these things...what should you be celebrating now?

## RESPOND:

### *Monday Morning Application:*

- Treasure your struggles.
  - 1) Ask God to help you turn your struggles over to Him.
  - 2) Don't allow your struggles feel personal.
  - 3) Trust that God can make it into something beautiful.
